IQ Made with emotions

"IQ Made With Emotions", a way of understanding our materials and their possibilities. We want to show you our history, where we come from and where we are going to through a journey in which you will discover that innovation and development are a fundamental part of our company.

Sign of Perfection

It has been forty years since we defined COMPAC's mission: to imagine, design and create surfaces that inspire people's life and to set a trend in the world of design. Today we keep giving the best of ourselves to become the reference point for design lovers that know about appreciating beauty and looking for something unique.

Our Unique collection is inspired by the properties of natural rock to then go beyond all your expectations. It is the fruit of the constant effort to always offer an innovative product by creating decorative surfaces with unsurpassed technical characteristics.

Forty years is a long time but we keep looking to the future, establishing and reaching impossible goals, while

not only transforming the materials we work with but also the lives of the people that interact with them.

We know there is always room for improvement and that is why we never stop. The only way to make a better world is to dream of a perfect one.

UNIQUE Collection

Perfecting Nature

**Nothing is perfect, it is said. Excellence is utopia...
But all we have to do is looking around us and seeing
the perfection present all over the planet.**

Our Unique collection imbibes the nectar, the beauty of nature. It is born from total respect and admiration for the forms, materials and textures of the earth.

Our creations are inspired by lakes, forests, rocks, mountain scenes to build something totally new and unique.

Only when you truly understand nature's perfection, wisdom and greatness, you are able to start conceiving something more than that.

This is how we place all our knowledge acquired over the years at the service of the purest raw materials, ensuring that the end product will be even more perfect than nature.

In our manufacturing processes we give our stone a series of new properties, which are better adapted to daily human needs: impermeability, hardness, resistance. We preserve the original values while enhancing them thanks to our creativity.

Unique Calacatta Macchia Vecchia™

COMING SOON

Unique Calacatta™

Perfection of the soul

The beauty of the purest white contrasts with dark sinuous veins, giving rise to an elegance and luminosity like never before. This is how we transform empty silent spaces into unforgettable living places imbued with personality and style.

Technology confers purity, naturalness, power and brilliance to each piece, creating works of art that transcend time. All are identical, but all are different. The quality, the finish, the essence..., never changes. But the design of the veining is always unique.

Unique Calacatta Gold™

Perfection of the sun

As touched by the sun's rays, Unique Calacatta Gold™ perfectly combines the golden tones of the king star in sinuous veins that run through the purest white of dawn.

A real achievement of technology to offer an exquisite and sophisticated finish to give elegance and warmth to every corner of your home.

Unique Calacatta Black™

Perfection of the night

In the same way that the whiteness of the full moon contrasts with a dark sky, so Unique Calacatta Black™ transforms darkness into its own light through the combination of perfect veins, clean as night, with the purest white.

A perfection inspired by nature that thanks to the latest technology confers a perfect finish.

Unique Calacatta Macchia Vecchia™

Perfection that flows

Inspired by the flow of the long frozen rivers, **Unique Calacatta Macchia Vecchia™** returns us winding and uneven streaks dotted with gold, creating a unique, elegant and sophisticated product.

Once again, technology combines with nature to pay tribute through a timeless design that, with its presence, floods every corner of life.

COMING SOON

Unique Portoro™

Perfection of the mind

Gold splashes black as if it were a starry sky. Unique Portoro™ is a sophisticated design that turns any space into a very special place. Pure elegance that thanks to the silence of its veins gives us a whole symphony of sensations through a unique experience.

Unique Venatino™

Perfection that speaks

We all think and feel differently, and that is precisely what makes us rare and special.

Unique Venatino™ is the perfect balance between wildness and elegance, control and energy. The softness of the whites and the subtlety of the greys, throughout the veining, give each piece an insuperable exclusivity and simplicity. It's a material that makes a statement about you: who you are, what you're like. A design that turns any space without life into a part of you, your character and your personality.

Unique Argento™

Perfection of essential

Grey inspired by the appeal of the weather-worn rock, by dry tree bark, by the ashes from which life is reborn. The essence of the natural elevated to the maximum in elegance, in a sober silver tone, dense and contained, with a subtle vein that brings timid flashes of light.

Unique Argento™ transforms every space it touches into something extraordinary, providing a solid foundation for the rest of the materials and textures with which it coexists.

glacéfinish

Perfect matt, smooth and glowing, a soft sensation to the touch, the absence of reflections and fast, easy cleaning. Beautiful and practical at the same time, with one single finish.

Polished

A finish that intensifies colours, giving them more life, and enabling you to give a distinctive seal to your surroundings. A finish that reflects the personality of a true connoisseur.

naturalfinish

We have created an ultimate nish, slightly textured, which sifts the light that reaches it producing an opaque reflection with very natural shades. Bodied, composed of layers and with a light texture, it is designed to make your senses fall in love. A distinctive and unique touch that gives o an overwowing delicacy. Durable, without reflections and uniform. An impeccable, purely natural nish.

2016

Opening COMPAC NY.

Launch of UNIQUE CALACATTA™.

ICE OF GENESIS
 CREATED BY ARIK LEVY

2018

New Showroom in Aventura, Florida.

2017

International launch of the Ice of Genesis collection created by the artist Arik Levy
 Launch of Unique Collection.

2014

We created the GLACÉ Finish, the finish with the lowest light reflection on the market, combining an agreeable feel and easy cleaning.

2012

We continued our reforestation program and reached the total of 30,000 trees planted on our lands.

2010

We created the NATURE Collection, boasting a perfect balance of natural beauty, sustainability and technology.

CARRARA became our second best-selling product.

We started BIO quartz production.

30,000 new trees.

Opening of COMPAC Dubai.

Nº1

100% renewable energies.

2005

International launch of our prestigious color line designed by Karim Rashid including the best-selling tones APPLE, FUCHSIA, ORANGE and PASSION.

2004

We initiated an environmental policy with the aim of compensating our CO2 impact on the environment by the year 2015. We started a reforestation program for 15,000 native trees in Portugal, and we now have over 30,000 trees on our lands.

15,000 new trees.

1999

We increased our polishing process efficiency by 90%, becoming the Spanish stone manufacturer with the most advanced technology for these processes.

90% more efficiency in polishing processes.

1998

We reduced energy consumption by 40% by improving our production management for block-cutting processes.

-40% energy consumption.

1997

We incorporated a revolutionary block-cutting system that enabled us to achieve a 25% increase in efficiency in the use of raw materials.

Efficiency improved by 20%

1992

We developed ENGINEERED STONE for ventilated façades in compliance with new market standards.

1986

We made the largest tile in the world with a thickness of only 10mm (0.25/64in.)

1981

We built the first water recovery and reuse plant, the most innovative and advanced facility in its day.

1975

First company in Spain to manufacture and market ENGINEERED STONE.

1980

We started selling to Japan.

Once upon a time...

We are a leading company based in Spain marketing high quality decorative surfaces. COMPAC was founded in 1975 and it was the first Spanish firm specializing in the manufacture and distribution of marble and quartz surface coverings. Today we are a large multinational company with 100% Spanish capital that we have learned to grow while maintaining our flexibility and our independent spirit of decision making.

Environmental Commitment

In COMPAC Surfaces, we have a deep-rooted culture of Corporate Social Responsibility (CSR) aimed at actively contributing to social, economic and environmental improvement.

Following our environmental commitment, we have incorporated to the Unique Collection a BIO resin obtained from vegetal sources that allows us to create a natural and more respectful collection with the environment.

BIO CERTIFICATE

Distinction, responsibility and respect can, and must, go hand in hand. That's why the Unique collection is made out of vegetable-origin raw materials such as hi-tech BIOresins, from renewable sources. This is certified by the prestigious BIO certification.

Sustainability Award

KBIS 2020

Within the framework of the KBIS 2020 exhibition, we have been awarded with a prize that recognizes us as a sustainable company committed to the environment. COMPAC's commitment to the environment has earned us the SUSTAINABILITY PRIZE, one of the 10 categories of the 30th ELECTION AWARDS that were held for the second time at KBIS.

A three-person jury awarded the renowned prize our company as a sustainable company committed to the environment. The jury highlighted the launch of the new Obsidian material, composed of recycled raw materials, as well as our sustainable trajectory. Since COMPAC we have been applying pioneer measures in

the industry for decades, such as the reforestation of trees on our lands in Portugal, the use of renewable energies in the production or manufacture of our materials, the recycling of water used in our processes and the manufacture of designs with organic resins.
