

Guarantee

GUARANTEE VALIDITY

Technistone provides a 25-year warranty on slabs for interior use.

The warranty must be activated by registering your TechniStone® product on the Company's website in the "Customer Care" section under "Warranty" (or follow the link below).

The warranty starts the day that the fabricated slabs are installed by a licensed fabricator in the interior living space.

Registration must be done within 30 days of said installation. This warranty is provided by Technistone only for slabs installed in an interior living space (i.e. for indoor use), and is not valid for slabs installed in public or outdoor areas.

The seller is obligated to provide and abide by the warranty information presented to the customer throughout the warranty period, in accordance with these warranty terms.

Cleaning & Maintenance

DAILY USE

For day-to-day maintenance, one of the following products can be used. These cleaning agents have a slight cleansing effect and serve primarily to degrease and remove common impurities on the kitchen counter. Always follow the manufacturer's recommendations and read the composition and use safety data sheets.

SPECIAL PRODUCTS

For resilient stains (i.e. oil, rust, cement, adhesives), we recommend the following products in particular. These cleaners are mostly based on moderate acids and alkalis, therefore use caution when applying, minimize action time, dilute the product, and rinse thoroughly with water after application.

Before each use of the selected detergent, we recommend that you test it on a small area. Always follow the manufacturer's recommendations, read the composition and use safety data sheets. After using detergents, the surface should always be thoroughly washed with clean water.

FOR EVERYDAY CLEANING

	COMPANY	NAME
Standard Household Cleaners for everyday cleaning	Lysol	All Purpose Cleaner

The shade of the printed picture may vary from the actual appearance of the quartz sample.

TechniStone®

TechniStone is made from natural materials (quartz and granite), high-quality binders, colored pigments, glass, and or mirror components. The raw materials used in the production of TechniStone pass not only our rigorous internal testing protocols, but also meet and exceed the strict standards set-forth by both North American and European testing authorities. These exhaustive measures ensure our customers receive a world-class product and unmatched customer satisfaction. Our hardened stone slabs are used in a diverse variety of both commercial and residential environments.

Certification

ORIGIN An overview of the products and their classification according to use and corresponding certificates are available in the Origin Build database.
